H K F | COURSES. | WINDS. Direction | Force | LEEWAY. | Thermometer. Air. | Water. | Barometer. | REMARKS. Wednesday day of Sept. 1875

Strong breeze from the N. E and clear weather with snow squalls at 8 hours landed boat and crew on the Seal Rookery with provisions and schooner stood for Adventure Bay

No small seal pups up to the 11th of October schooner picked up male. 11 seal. and the Boat on shore picked up seven young pups and were Boat away came down and came into the harbor that we found a very good one with plenty of water and a nice place to put casks and provisions ashore. The Harbor lies about 10 miles to the Southward of Adventure Bay and about two or three miles to the eastward of the Seal Rookery.

Oct. 12th Started from the Schooner at 8 A.M. and went on to the Cape Point and got twenty big old young dogs and pigs I shall name the point young dog Point for the reason of it names returned at 4 P.M.

Oct. 13th At 8 A.M. started in the boats with provisions to go to the Rookeries where we thought that there was a rookery, Oct. 14th went on the outer Island and got 4 seal skins, blowing a strong breeze from the S.E. or N. not returned Oct. 15th, blowing a gale from S.E. to N.E. and Sleet squalls could not return with the seal skins on account of the weather. Lying in Flying Fish Harbor.
